High Tech Haunted Houses

Halloween is almost here, which means another season of haunted houses. Today's scaremasters can use lasers, social media, LEDs and computer driven robots to make the scares more realistic. Let's learn more!

1. How has Disney upgraded their haunted house through the years? Gizmodo explains the technology, at <http://bit.ly/1u4CwN>.
2. What does the NYC College of Technology and Halloween have in common? Check out <http://bit.ly/1MHmIY5> to view how this high tech college uses robots and lasers to get you screaming.

3. How do funhouse mirrors make you look bigger or smaller? Click on <http://bit.ly/1JnTNAU> you can read all about how fun house mirrors work.

4. How do you turn a reflection into a ghost? At <http://bit.ly/1L4poPu> you can read all about how Disney makes its haunted house ghosts by using a technique called Pepper's Ghosts, using glass, lights and mirrors.

5. Can haunted houses use social media? You bet. Click on <http://bit.ly/1JnTdmC> to read all about how this haunted house truly makes your visit personal.

6. What are some of the secrets of technology used in haunted houses? This Wired article <http://wrd.cm/1OPAIE7> explains how four haunted houses work.
